HULMEVILLE BORO'

Preparatory To The State
Improving Gutters and
Repaving Streets

LIST THE COMMITTEES

5 Additional Street Lights
Placed; Chief of Police
Gives Report

HULMEVILLE, Feb. 7—With just a quorum present last evening, Hulmeville borough council decided to proceed with a survey of that portion of Main street, from Ford avenue to Trenton avenue, and that part of Trenton avenue, from Main street to Bellevue avenue, in preparation for ordering certain curbs replaced. This is preparatory to acceptance of the offer by the state highway department to pave the gutters in those sections listed this year, and also, with the next two years, to resurface those streets from curb to curb.

Councilmen arranged to meet with an engineer on Saturday afternoon next to ascertain what curbs will need replacing and other necessary details.

Edward Vansant was sworn in by Burgess Leon R. Conly for another term; and President George Bilger announced committee appointments as follows:

Highway, Raymond VanArtsdalen, Harry Beck, Orville Morris; police, Edward Vansant, Ned Moyer, Orville Morris; health, Moyer, Beck, Fred Bunting; sidewalk, Morris, VanArtsdalen, Vansant; light, Beck, Moyer, Bunting; finance, Vansant, Morris, VanArtsdalen.

Absentees last evening were Bunting, VanArtsdalen and Moyer. Minutes were read by Mrs. Edward Black. Tax ordinance setting the rate the same as last year, total of 12 mills, was adopted. Members were reminded of the meeting of Bucks Co. Boroughs Ass'n at New Hope on Feb. 28th, when "Water Conservation" will be the subject under discussion.

Philadelphia Electric Co. has recently installed five additional street lights, the secretary informed, these being at: Washington and Catherine; Lincoln, north of Reetz ave.; Ford and Lincoln; Ford and Bellevue; Bond for Tax Collector George M. Dicken was received by council. In a communication, the tax collector criticized action of council in postponing date for swearing.

Discharged By Justice On
Drunken Driving Charge

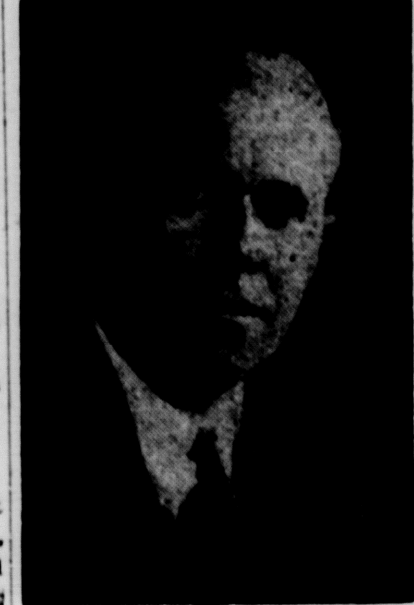

The charge of drunken driving against Lawrence F. Stewart, Rogers Road, Bristol Township, fell apart, last night, for lack of evidence. Stewart appeared before Justice of Peace, Anthony Nicol, in the municipal building. It was testified that the bump on the head received by Stewart at the time of the accident, may have been responsible for his condition.

Justice Nicol, after hearing the evidence in the case, discharged Stewart on the drunken driving charge.

Stewart was operating an automobile on Old Route 13, west of Mill street, when he collided with a car driven by Paul R. Hearing, Croydon. Both cars were damaged and Miss Anne Socinski, Ritter avenue, who was with Stewart, was slightly injured.

The accident occurred early Saturday morning.

JOINT BOARD FIXES
BAIR'S SALARY FOR TERM

Head of Pennsbury Schools
To Get \$6,850 and \$350
Yearly Increase

ENGAGED FOR 3 YEARS

LOWER MAKEFIELD, Feb. 7—The Pennsbury Joint School Board last night voted to award a new three-year contract to Medill Bair, regional supervisor of Pennsbury schools, at a salary of \$6,850 for the first year and an increment of \$350 every year thereafter.

Bair previously held a two-year contract for \$6,200 a year, which expires this summer.

A group of Yardley residents presented a petition to the board seeking action against the alleged racial intolerance taught to the students by one of the teachers of the system.

The group suggested that the board appoint an inter-racial organization in the school system for the better understanding of racial problems. The board voted to investigate the proposal.

The Yardley Water and Power Co. advised the board that a property being used by the Pennsbury Junior High School at Yardley for athletic purposes but owned by the company, will not be available for such use in the near future. The company intends to use the land for further development.

The board recommended that a letter of thanks be sent to the company for its kindness in allowing the school to use the land.

A suggestion by Bair that the board set up a tentative teachers' salary schedule was taken under consideration. The board directed Bair to meet with a delegation of teachers and discuss a tentative schedule.

Meeting is Held by New

Fire Station

TO NAME OFFICERS

CORNWELLS HEIGHTS, Feb. 7—A large number attended the meeting which the newly-formed "Tax Payers Association of Bensalem Township" conducted in Union Fire station last evening. Acting chairman, Robert O'Neal, presided. "This is a non-partisan organization. The purpose is to serve the taxpayer and correct mistakes and unfair assessments, to obtain street lights and other improvements," it was stated.

A tribute was paid to the fairness and cooperation of the present tax collector, Mrs. Helen Brenner, Edgington.

The following complaints were cited:

A man paid taxes and later was informed that his property had been turned over to the county commissioners, the taxes he had paid were on a property he did not own; several had paid taxes, retained the receipts and received second notices to pay the same taxes; a man owned several lots for which there were two deeds with one house erected, he was billed for two houses; two separate assessments were made for one building and two bills received at once; notices were made out, placing the building at the wrong location; two identical houses erected side by side on the same size lots had different assessments; an assessment on a two-story building when a one story house was owned. A discussion ensued concerning the attitude displayed toward the public by the tax assessor. It was suggested that a scale should be used by which all properties should be assessed. A group stated the difficulties incurred at Edgington Gardens in

Group audiometer tests are being administered this week to pupils in the 7th and 9th grades of the junior high school. The audiometer measures the hearing losses of the individual student. This enables the school nurse to screen out pupils with hearing losses for referral to a specialist who will diagnose a particular case and recommend correction.

Miss Edna M. Pennypacker, guidance director, is beginning a series of interviews with the pupils in the junior high school, starting with the 10th grade. As much time as is necessary will be given to each pupil in discussing his adjustment to school problems. Letters to the parents of each pupil will follow these interviews. Miss Pennypacker states that this project will require about six weeks time to complete.

SPROUTING HIGHER

New York City's Empire State Building will grow taller. The 102-story structure will have the height-equivalent of an additional 16 stories added onto it when a new "multiple use" television tower bristles up. The red light on top to warn off fliers will be 1,499 feet above sea level.

The \$500,000 cost of this antenna is so great it might be concluded the several broadcasting companies involved want to reach out far beyond any range they have now. TV signals travel normally only to the horizon for good reception. Best data available on the line-of-sight distance to the horizon from that height is the "visibility at sea" table in the World Almanac. Fifty miles is approximately the maximum distance a person can see at that height.

But mere extension of range to 50 miles would not in itself justify spending \$500,000. A TV broadcaster's scope is limited by the Federal Communications Commission. A station turns on just enough power to fit that limitation. The great advantage in height seems to be in gaining a good, clear "umbrella" all around the horizon without interference from tall buildings in that city.

But an impression prevails that a TV broadcaster just naturally believes in being up high with his transmitter antenna. It may be a feeling akin to the ship captain's or the airplane pilot's satisfaction in having plenty of maneuvering room without fear of embarrassment. And perhaps the FCC may grant stations more power sometime.

MEN WILL RESIST 'EM

The season is here again when those who design and construct the male wardrobe will try to punch man into a more colorful mold.

A week or so ago women designers held a New York showing of a series of cute numbers which constituted what they thought men would look good in. There were polka jackets, frills on shirts, bright colored straw hats. Men who were herded in to see what they should wear were reported to have reacted in traditional manner.

Some gagged, some were struck dumb, some murmured niceties and fled. Others stuck it out and carefully agreed that the girls had something there, but . . .

Pennsylvania representatives of the Custom Tailors and Designers of America have been meeting. Dispatches report excitedly that the highlighting among a number of colorful items of male plumage is a plaid tuxedo.

On the basis of past performance, it is not difficult to make a few predictions. The stubborn male will look, maybe gasp, and go right down and buy another medium gray flannel or dark blue serge. He may tolerate some added color in his hatband, tie or shirt, but that's about as far as he'll go for the present. The designers may gain a few yards this year. But they won't score.

class at the junior high, under guidance of teacher Miss Ivy Foley, is now working on a topographical map of Italy and surrounding territory. The project, which is on display in the art room, is headed by David Scott; and members of his committee include: Robert Hook, John Pedigo, Ross Mothersbaugh, William Serchak, Dwight Spencer, Jay Katz, and Albert Eelmann.

Another committee is preparing a model of a typical Italian seacoast town, with roads, houses, wharves, and small wooden ships. Headed by Marion Cross, this group consists of: Grace Velsel, Dolores Diehl, Hilde Enderlin, Mildred Trendler, Bertha Eager, John Longbottom, David Johnson, Robert Mannherz, David Mathias, Edward Rock, John Cassidy, James Ehrenfried, and Morris Smith.

Both projects are being made of paper mache and are painted green and brown, the color depending upon the relative height of the mountains and plains.

SPROUTING HIGHER

Members of the newly-formed Bristol Township Junior High School Parent-Teacher Association will meet in the library of the junior high school on Thursday evening, at eight o'clock.

In a first grade room the children of Crofton enjoyed playing in their toy shop so much, they decided to keep the store after Christmas vacation. Since few toys are purchased at this season, the children agreed upon changing the top shop into a good food store.

The building which the children helped to assemble, is of a wooden framework covered with canvas and painted to resemble brickwork. It has shelves and a counter.

The children took cardboard tubing which was cut into lengths for miniature cans. These were covered with paper. Small boxes are also being covered for boxed foods. Mother's discarded magazines are again being put into use as the children search for pictures of fruits and vegetables to paste on their products. Pictures from magazines are also being used to illustrate fruit and vegetable charts.

Many discussions will undoubtedly continue to arise concerning good foods and the relationship between health and good eating habits. Much sharing and cooperation among the children has been evidenced during this project.

On Tuesday, Crofton School had a visitor. The young man, a medical student at the Philadelphia School of Osteopathy, spent the day observing the youngsters in their various activities. He was favorably impressed with the "pleasant atmosphere throughout the school, and the alertness of the children." He also commented that his day had been "most enjoyable, enlightening and worthwhile."

The children and teachers of grades two, three, six and the combined grades of four and five in the Crofton School are happy about the new shelves installed by Mr. Barnes and Mr. Irvine. The shelves are proving a great help as they are being used in some of the rooms as book shelves and in other rooms for taking care of the children's lunches.

On Feb. 1st, an audiometer test was given by Mrs. Baird to the children in grades three and five. This was an interesting experience for the children, and it is also a helpful device in detecting defective hearing.

Feb. 8 will again be dental day in Crofton School. Mrs. Baird, school nurse, will take a group of children to the University of Temple dental clinic, Phila. The children are transported by the school bus. For most of the children, this trip to the dentist is an adventure, rather than as is sometimes the case, a distasteful situation.

These trips had been discontinued during the mid-semester examination period.

Illick and Mrs. Walter Jackson, for services, \$7 each; Mrs. Edward Black, \$5; Henry Palmer Co., \$72; George M. Dicken, tax collector's commissions, \$21.84.

Plans were made to have Mr. Reetz remove piles of dirt and debris from Lincoln avenue and from the intersection of Main street and Ford avenue. One resident of Ford avenue is to be notified to rectify condition where waste water is claimed to be running into Ford avenue; and a resident of Washington avenue to clean out overflowing cesspool at one of his houses. Arrangements were made to have contract drawn up for 1950 collection of garbage and trash.

Chief of Police Maret reported for the past month: four warnings given for all-night parking; one fine imposed for all-night parking; one stop sign violation; one automobile towed by Matthew Anseli broken into, some items stolen and seat covers ripped out; basketball poles at Hulmeville school ground broken. The chief asked that reflector type "stop" signs replace those now at Hulme and Main sts., and Trenton and Bellevue avenues. State highway department is to be requested to place a "stop" sign at intersection of Green st. and Bellevue avenue.

MIDDLETOWN SUPERVISORS

LANGHORNE, Feb. 7.—Meeting of Middletown township supervisors, last evening, was given over mainly to routine business. Albert Darrah presided.

Feb. 8 will again be dental day in Crofton School. Mrs. Baird, school nurse, will take a group of children to the University of Temple dental clinic, Phila. The children are transported by the school bus. For most of the children, this trip to the dentist is an adventure, rather than as is sometimes the case, a distasteful situation.

These trips had been discontinued during the mid-semester examination period.

EXPECT BIG CROWD AT HIGH SCHOOL GAME TONIGHT

The Bristol High School "gym" is expected to be filled to capacity tonight as the Warriors meet Trenton Catholic High in their annual game here. The junior varsity teams of the schools will play in the preliminary game, starting at 7:30 o'clock.

The annual Trenton Catholic-Bristol classic has packed the local court for several seasons. In their meetings, Trenton Catholic has the margin of victories but several of the games have been very close.

In their first set to this season, Trenton Catholic staged a brilliant second half scoring spree to squash a Bristol team. But the Warriors were very cold in the second half after a hot first half which saw them leading at one stage of the game, 15-3.

Coach Jerry Bloom's lads would have finished with a much closer score had not "Ronnie" Logan broke their scoring defense. This Trenton Catholic forward was first to break into the defense and ended with 23 points. After he started, the rest of the Catholic players followed suit to drown Bristol in field goals.

Bloom has spent considerable time during the past two weeks in preparing for the Catholic tussle. He is anxious to score an upset despite the fact that the Jersey team will be a heavy favorite on the basis of its season's record and the fact that it swamped Bristol in the first meeting.

Bristol has a defense set-up which it believes will stop the scoring threats of the visitors, especially that of Logan. Logan has averaged close to 20 points per game and in a recent tilt garnered 11 field goals in taking 21 shots. The lanky forward for Father Arthur's team has scored 243 points this season.

Other outstanding Trenton Catholic players who will see action are: Ted Matecki, Clarence Gilbert, John Feldner, Tony Santin, Tom Bransfield, Tom Walker, and Robert Ricciani.

Catholic has a winning streak of seven straight games and its season's log shows 10 triumphs and three defeats.

Bristol's record rose to 9 and 4 after the Warriors topped Bensalem Township. Coach Bloom's proteges are leading the Lower Bucks circuit with four straight triumphs. Trenton Catholic, Allentown, Overbrook, and Reading Central Catholic hold wins over the Warriors.

Coach Bloom intends to start Joe Pindar, "Bill" Condit, Frank Rich, Frank Barbetta, and "Vic" Cauti against the Golden Wave, while holding Howard Grant, Charlie Rauch, and Marty Braam in reserve.

The Trenton Catholic Jayvees have won 11 and lost one. It won 11 straight until beaten by Trenton High J. V.'s last Friday night. Bristol was no match for the fast-stepping boys coached by Father Rudolph in their game at Trenton. Bristol has improved immensely since that meeting and Coach Harry McClister is hoping for the best.
